# ABOUT COMPANY

*Aurel & Co. is an American privately held jewelry and wristwatch retailer founded in 1986 by diamond designer Aurel Mark. Its flagship boutique and corporate headquarters are located in Manhattan, New York City.*

After graduating early from a jewelry design course in 1981 in New York City, Aurel Mark opened a small booth in New York City's Diamond District, where he began designing for jewelry labels and private clients. In 1986, Mark opened his own company, called "Diamond Quasar," and began designing under his own label, named "Aurel & Co." The brand quickly gained popularity in New York and was able to expand its business to the luxury watch-making industry in 2002.

# CEO STATEMENT

## *Aurel Mark*

*He noted that the split between watches and jewelry is approximately a 75/25 percent says Aurel. .*

He noted that the split between watches and jewelry is approximately a 75/25 percent. "When I joined the business two years ago, this was the vision," says Aurel. "To reduce the workload from Mark so he can focus on the global expansion and the creative design. The global expansion we are doing has been beautiful to see unfold with ribbon cuttings, new stores around the world, it's all exciting."

# MISSION & MOTO
